Re: Progress on Notice of Intention to Amend large Mining Operations. Five Mile Pass Mine, M/045/006, Tooele County, Utah

Dear Mr. Hedberg:

On April 10<sup>th</sup> I and Frankie Delliskave met with Lynn Kunzler and Doug Jensen in the field and discussed the items needing further clarification in order to make the Notice of Intention, submitted January 6, 2003 technically complete.

As a result of our discussion, on April 16<sup>th</sup>, samples from various piles from the mine site were collected and have been sent to Utah State University's Soils Lab to determine their proper use in the reclamation plan.

When we get the results back, which should be any day now, replacement pages for the original mining notice will be forthcoming.

Thank you for your cooperation.

Sincerely,

John Hewitt
